

Interior Designer

This position provides a significant opportunity for a dynamic person who has a degree in Interior Architecture/Interior Design and 3+ years of experience working at an interior design, architecture or related design firm. Relocation to Honolulu is REQUIRED.

In this position you will join an established Honolulu Architecture and Interior Design firm in a fast-paced Interior Design Studio environment. Interior Designers develop and execute appropriate design solutions for projects under the direction of the Principals and Directors; they must have the ability to work independently and the flexibility to both support and lead project design teams. Interior Designers will work on larger, more complex design projects in a support capacity but may also serve as the lead on small to medium sized projects.

Given the variety of tasks, we are seeking individuals who possess the following traits:

- Ability to work under pressure in a collaborative team environment
- Desire to be a leader in the firm and our profession,
- Entrepreneurial spirit,
- Relentless drive for personal and professional success, and outstanding “do what it takes” team attitude and
- Have no ego

Responsibilities

- Collaborate on all phases of projects, including programming/space planning, client needs, conceptual design, schematic design, design, development and construction documents, construction administration, FF&E procurement and FF&E installation.
- Prepare graphic materials for presentations to Clients.
- Perform field verifications and assist with site inspections for validation of design intent.
- Prioritize and handle a number of concurrent projects and tasks.
- Work with consultants, contractors, fabricators and regulatory agencies to meet overall project objectives.
- Strong proficiency and knowledge of InDesign, Photoshop, AutoCAD 2020, Revit and MS Office applications. Working knowledge of Spexx and Studio Designer software is a plus.

InForm Interiors & Architecture

Suite 401 www.inform.design
Honolulu, HI 96814 808.946.3676

- Prepare FF&E budgets, FF&E specifications, reviewing mock-ups, materials and finishes sample samples, CFAs and FF&E related shop drawings.
- Assist with preparing graphic 3D renderings using Revit, Sketch-up, and Enscape.
- Strong knowledge of suppliers and manufacturers commonly used in contract and hospitality interior design work.
- Contribute to office activities, initiatives and learning programs. Contribute to an environment conducive to high quality design and professionalism.
- Strong knowledge of space planning and able to independently prepare furniture plans, reflected ceiling plans, finish floor plans, interior elevations and finish schedules.

Core markets are hospitality, workplace, restaurant, retail, education, healthcare, and government with a rare residential design project. Our expectation is that you will have the desire, ability, and skills to participate in marketing opportunities including building, maintaining and expanding client relationships.

To be considered for this position you must submit/include a portfolio of your work.

In exchange for lending us your time, talent, hard work, camaraderie, laughter, etc. we offer competitive base compensation with an opportunity for additional performance and other compensation, We also offer a complete range of excellent benefits including 401(k) with employer match, Health Insurance including Major Medical, Prescription Drug, Dental/Vision, paid time off, and other benefits.

Our work hours are generally 8A-5P Monday through Friday including in office and (8) hours a week remote work. Some travel, mostly daily, may be necessary

Our firm is an equal opportunity employer and you will be required to show ongoing eligibility to work in the United States.

Job Type: Full-time
