

Intern Architect

Looking for a person with a minimum of 3+ years post Architecture Degree experience to work with us at a small, growing progressive Architecture and Interior Design firm. We offer an excellent workplace environment, competitive compensation and benefits, encouragement and availability to move your career upward-

To work with us you will need:

- To be proficient in Revit (3 years minimum experience)
- Proficiency in MS Office (Word, Excel, Outlook & Powerpoint) and able to use SketchUp, InDesign, Enscape and Photoshop
- Ability to use AutoCAD and other software (IE: Acrobat, BlueBeam Revu, etc.) is also a plus.

People who work with us also have:

- A strong work ethic
- Excellent communication and interpersonal skills
- A positive attitude including being an enthusiastic and motivated team player with a collaborative spirit
- Skilled in architectural detailing and the production/construction side of architecture

If you are interested in working in a collaborative environment where you will be:

- exposed to a wide variety of architectural and interior design tasks
- expected to perform at a high level and advance your career

Please respond with your resume and a cover letter telling us:

- why this position interests you and why you feel you are qualified for it,
- your long term personal and career goals
